MEDIA INFORMATION

104.7 FM SUPERSTATION KRES

Boyer was recently honored with a Distinguished Service Award by the Missouri State High School Activities Association.
Janssen has been a fixture on Truman Athletic broadcasts since the late 70s.
The KRES sports department has earned several awards from the Missouri Broadcasters Association, including a certificate of merit for its play-by-play of the 1997 Central Missouri double overtime football game. It was the second award for Truman football broadcasts for KRES.
The station has also earned three awards for its Bulldog basketball broadcasts, including a first-place finish for Boyer for his play-by-play of a triple overtime elite eight game in 1999.

MEDIA SERVICES

Media Credentials:
Please direct all requests for press, photo and parking credentials to the athletics media relations office at the address on page one.

Press Area:
Truman’s press box accommodates about four members of the media. Admission is by PASS ONLY. Persons wishing to sit in this area must contact the Athletics Media Relations Office in advance of game day.

Press Services:
Rosters, game programs and statistics will be provided to media personnel. The office will email or fax final results to opponent media if numbers and addresses are provided. A small meal may be served to members of the media who have given advance notice of their attendance.

Internet Services:
Pershing Arena has wired internet access in the press box that is available to use for official business only. Wireless connections are currently not available.

Interview Policy:
All interviews should be arranged through the Truman Athletics Media Relations Office. An athletics department member will secure desired players & coaches following the match. A ten-minute “cooling off” period is mandated by the NCAA.

Photography:
Photographers, with passes, are permitted to shoot from anywhere on the brown rubber in Pershing Arena, but are NEVER permitted to enter the court or additional playing area. Passes must be displayed at all times and may be obtained from the Athletics Media Relations Office.

--FLASH PHOTOGRAPHY WITHOUT PRIOR APPROVAL IS PROHIBITED--

Visiting Radio:
Visiting radio stations wishing to broadcast games must contact the Truman Athletics Media Relations Office.
Women’s Basketball raised money during the first “Think Pink” game in February for the Adair County Relay For Life.

Division II is committed to developing students and communities by actively engaging in shared experiences. Our community engagement objective is bringing community to campus in ways that positively impact our students and the local community.

Through community engagement, student-athletes can direct the energy and spirit of winning to positively change division II collegiate events.

Truman is committed to this Division II philosophy through many activities aimed at assisting local Kirksville and campus organizations, including the following:

- Working w/United Way
- Cub Scouts & Northeast Missouri Food Bank
- Bulldog Buddies
- Spring Clean-Up
- Freshman Move-In Day
- YMCA Programs
- NEMO Fair Parking
- Bank of Kirksville Ice Cream Social
- Box Scout Camps
- Mentoring Program
- Pizza Delivery for Kirksville Public Schools
- Make A Wish Foundation
- Raise money for Parkinson’s Disease Research

- Think Pink! WBCA’s Fight on Breast Cancer
**TRUMAN ATHLETICS**

**What’s In A Nickname?**

Why was the nickname, Bulldogs, selected for Truman State University? O.C. Bell in 1908 referred to his performers as Bulldogs, but it wasn’t an official designation. So far as is known, this term wasn’t used again until the spring of 1915.

At the time, a committee of students, including the late President Emeritus Walter H. Ryle, recommended the adoption of the “Bulldog” as the official emblem because of the beast’s tenacity and ability to fight desperately to the end.

The spirit of the Bulldog has been evident since the name was selected 90 years ago. It’s not unique though, as at least 16 NCAA schools have adopted the “Bulldog”.

**Sports Medicine**

The training room is home base for the sports medicine program at Truman State University. The purpose of the program is to work toward the prevention of athletic injuries, care for those that do happen and work for complete recovery through rehabilitation so that the student-athlete can return to competition as safely and quickly as possible. The program works under the direct supervision of three full-time experienced trainers and two physicians. If an athlete should be injured while participating in an intercollegiate sport, they will be evaluated by a highly competent training staff member and treated as needed or referred to necessary medical personnel.

The main training room is on the lower level of Pershing Building just off the northeast corner of Pershing Arena. Both the head athletic trainer’s and assistant athletic trainer’s offices are located in this area. The student trainers assigned to each sport also use this as their main area of contact.

It contains 7 treatment tables and 2 taping tables. Two whirlpools, muscle stimulation, ultrasound, and a variety of other modalities are available to treat injured athletes. This athletic training room also contains rehabilitation room containing a variety of rehabilitation equipment.

A secondary training room in the football kennels, located south of Pershing Building, is mainly used during fall and spring practices because of its proximity to the football practice field and outdoor track. It contains eight treatment tables, four taping tables, and three whirlpools. This facility is equipped with modalities and rehabilitation equipment similar to that in the Pershing athletic training room.

**Director of Athletics**

Jerry W. Wollmering was named the Director of Athletics at Truman in September of 1999. Since coming to Kirksville, Wollmering has helped Truman be one of the top athletics departments in NCAA Division II -- both athletically and academically.

The Bulldogs have finished in the top-10 in the Directors’ Cup standings in each year that Wollmering has been at Truman. In 2003-04, he led the athletics program to a third-place finish in that national program, the highest ever for a MIAA school.

Academically, Truman regularly ranks among the top schools in the MIAA and in the nation in graduation rates.

Prior to coming to Truman, Wollmering served as associate athletics director of finance and administration at Bowling Green State University in Ohio since January of 1998. He was also the assistant athletics director for financial affairs for two years at BGSU, prior to his becoming an associate AD.

Wollmering earned a bachelor’s degree in business administration and accounting from Drake University in 1987, and a master’s degree in physical education and athletic administration from Kent State University in 1993. He is also a certified public accountant with experience as an auditor.

Before arriving at Bowling Green, Wollmering was an assistant athletic director at Southeast Missouri State University, a Division I program, for approximately 18 months. While working on his master’s degree, Wollmering was a graduate assistant to the athletic director at Kent.

A native of Ft. Madison, Iowa, he was a varsity letterman in cross country and track at Drake. Wollmering and his wife, Alicia, have three daughters: Leah, Erica and Kate.

TRUMAN STATE UNIVERSITY

NATIONALLY RANKED, AFFORDABLE, PERSONAL

Truman State University continues to be lauded as one of the country’s most prominent public liberal arts and sciences institutions. Recognized for educational excellence, Missouri’s only highly selective public university has been listed in national publications such as Consumer’s Digest, The Fiske Guide to College, and The Princeton Review. U.S. News & World Report’s 2008 edition of “America’s Best College” featured Truman for the eleventh consecutive year as the #1 public university in the Midwest awarding bachelor’s and master’s degrees.

Admission Requirements

Admission to Truman is based upon high school curriculum; high school grade point average and rank; standardized test scores (ACT or SAT); special abilities, talents, or achievements; and an essay. Students planning to enroll at Truman should complete the following high school core curriculum: four units English, three units mathematics (four units are strongly recommended), three units social studies/history, three units natural science, one unit fine arts and two units foreign language (same language).

Under guidelines for highly selective institutions from the Missouri Coordinating Board for Higher Education, the students who receive the strongest consideration for admission to Truman will have a 140 combined ability. The combined ability is determined by adding the high school class rank percentage to the national percentile on the ACT or SAT college entrance exam.

Applying for Admission

Students wishing to be considered for all scholarships and financial aid programs are strongly encouraged to apply for admission by December 15.

Under guidelines for highly selective institutions from the Missouri Coordinating Board for Higher Education, the students who receive the strongest consideration for admission to Truman will have a 140 combined ability. The combined ability is determined by adding the high school class rank percentage to the national percentile on the ACT or SAT college entrance exam.

There is no application fee.

BARBARA DIXON

Barbara Dixon became the 14th president of Truman State University on July 1, 2003. Dixon is the first female to serve as Truman’s president.

Before coming to Truman, Dixon served as provost and vice president for academic affairs at the State University of New York at Geneseo, a public liberal arts university, from 1997-2003.

She previously spent 27 years at Central Michigan University where she was a faculty member, chair of the Academic Senate and associate dean and interim dean of the College of Arts and Sciences. Dixon has both a B.M. and M.M. in applied piano from Michigan State University and a D.M.A. in piano performance, literature and pedagogy from the University of Colorado.

She is a member of several honor societies including Alpha Lambda Delta, Mortar Board, Pi Kappa Lambda and Phi Kappa Phi. Dixon also holds memberships in the National Music Teachers Association and Delta Omicron, a professional music organization, and is an honorary member of Phi Eta Sigma and Golden Key.

Dixon is also a member of the NCAA Division II President’s Council.

Nestled within the quaint community of Kirksville lies the dynamic, economic hub of Northwest Missouri.

In addition to Truman State University, Kirksville features the prestigious A.T. Still University of Health Sciences’ College of Osteopathic Medicine.

Kirksville offers small businesses the opportunity to grow through its incubator program. The residents are proud of their strong work ethic and provide a reliable labor force.

The town offers a low crime rate, churches of numerous denominations, a new Senior Living Campus, a hospital featuring a Level III Trauma Center, a supportive school system with an A+ Program, and activities for everyone.

Communication thrives in Kirksville, which boasts its own television station, a variety of radio stations, and media resource center.

Several local organizations, as well as volunteer causes, highlight the area’s sense of community and family-friendly environment.

The proximity to the metropolitan areas allow for easy access to the diverse opportunities or entertainment in cities like St. Louis, Kansas City, and Chicago.

**Thousand Hills State Park**

The 3,080-acre park offers visitors a unique opportunity to explore the best of northern Missouri just minutes from Kirksville.

The park’s central feature is the lake, created by the damming of Big Creek. While the reservoir supplies water to the community, the park’s natural features recall a time when woodlands and savannas covered northern Missouri.

The cool waters of Forest Lake offer a wide variety of recreational opportunities, including swimming, fishing, boating, and skiing. Hiking, mountain bicycling and nature study are popular on-land activities. An interpretive shelter displays the park’s petroglyphs—rock carvings left behind by the area’s inhabitants more than 1,500 years ago.
TRUMAN FACILITIES

PERSHING ARENA - HOME OF THE BULLDOGS

Named in honor of General John J. Pershing, the commander of the American Expeditionary Forces to France during World War I and one of Truman’s most distinguished alumni, Pershing Building is a two-story red brick and stone structure located on the south end of campus.

In 1967, a north wing was added to the building. The addition featured another gymnasium, a dance studio, classrooms and offices. Also included in the south wing are indoor racquetball courts and offices.

Pershing features a variety of athletics equipment, including a newly remodel weight room, an indoor rubber track and complete athletics training facilities.

In 1976, the south wing was added, which houses the Natatorium, with a six-lane, 40-yard swimming pool. Pershing has one main wood parquet floor, the center court, that was replaced in 2007 and two red rubber floor courts located on either side. Originally, the court ran east-west, but was moved and now runs in a north-south direction, with wooden bleachers on the east and west sides. Students at Truman traditionally sit on the west bleachers, while visitors and those with reserved tickets sit on the east side.

For volleyball matches, a press section is provided, upon request, above the east bleachers. The locker rooms are located on the northeast (visitors) and west (home) sides of the facility.

WEIGHT TRAINING FACILITIES

Truman has three weight rooms that are at the disposal of the athletes. The largest is the free weights room which is located on the west side of the Pershing Arena on the third floor. This room was renovated during the summer of 2000. The renovations included new ventilation and equipment, and general refurbishment of the interior.

Approximately 2,600 square feet, it accommodates 40-45 athletes at a time with eight separate power stations complete with platforms and bumper plates for a wide variety of strength training and rehabilitation.

The Nautilus room is located on the east side of the arena near the ramp that leads to the natatorium. The third weight room is the aquatic weight room and is located at the bottom of the ramp on the east side.
